CHEZ DORIS
HELPS WOMEN AVOID HOMELESSNESS

More than a shelter, Chez Doris offers a continuum of services: emergency support, prevention, transitional and permanent housing, and ongoing accompaniment.

CHEZDORIS.org

Chez DORIS 50 years

GROWING TO STRENGTHEN OUR SUPPORT

Our Goal: diversify services to meet a wider range of women's needs.

As the housing crisis and rising cost of living push a growing number of women into financial insecurity, Chez Doris works to prevent homelessness before it occurs. When a woman finds the courage to walk through our doors, she often carries the weight of traumatic experiences or is struggling to meet her most basic needs.

For nearly 50 years, Chez Doris has adapted its services to increasingly complex realities and developed lasting solutions that restore stability, autonomy, and dignity to women.
